Electrónica Digital Clase 3

Manejo de la protoboard Código de colores para resistencias Manejo del multímetro

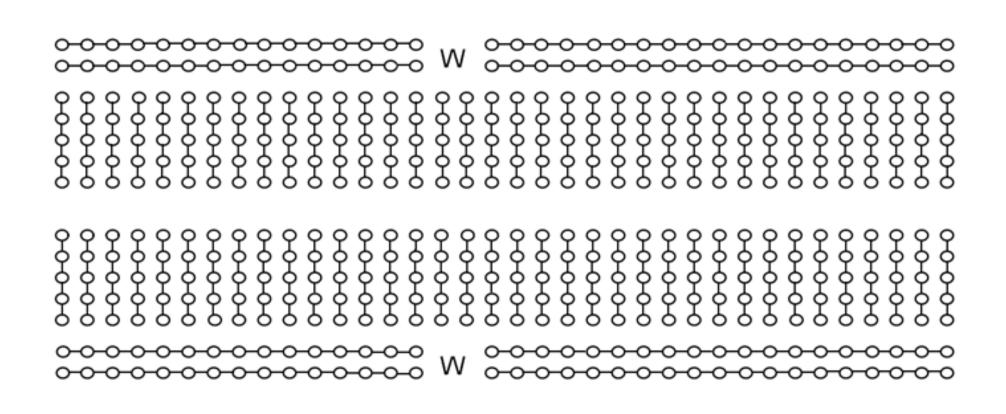

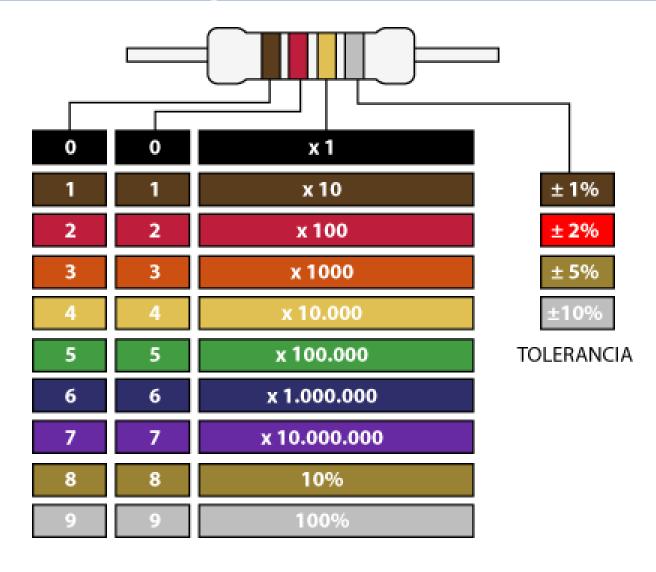

Protoboard – conexiones internas

Protoboard – pines internos

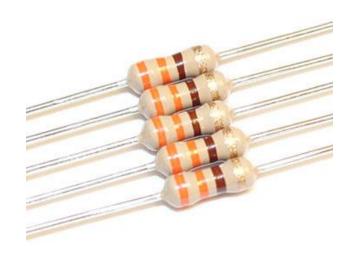

Resistencias - código de colores

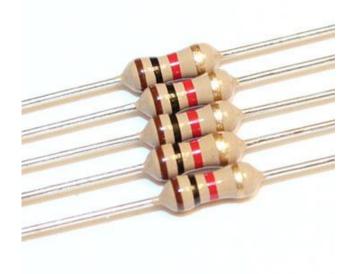

"NECARONAMAVERAZU-VIOLETA DORADO PLATA"

Ejercicios

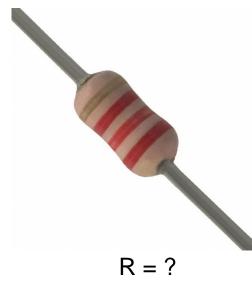

R = ?

R = ?

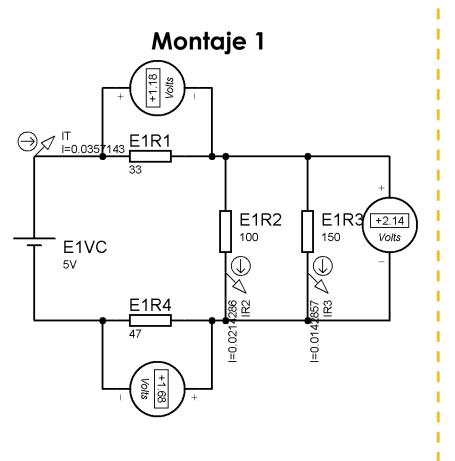

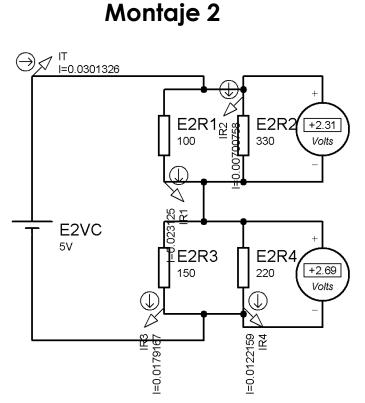

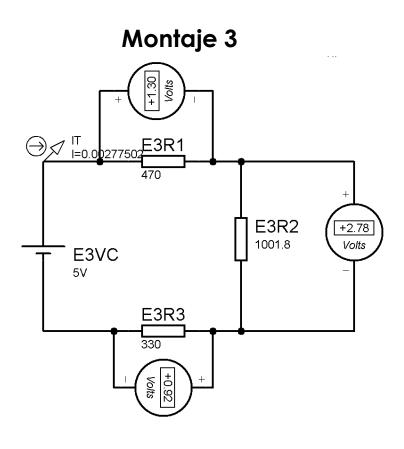

Ejercicios para practicar

Monte en protoboard los siguientes circuitos, luego verifique con el multímetro cada voltaje, corriente y resistencia según los resultados de la simulación.

MUCHAS GRACIAS
